

Provisional Transcript

Student ID : 20127091
Student Name : FANG Yizirui
Academic Plan : C6UCMPSC : Computer Science

Academic Year : 2020/21

Course Code	Course Title	Mark	1st Resit	2nd Resit	Credits	Semester
COMP 2043	Software Engineering Group Project	76			20	Full Year China
COMP 2046	Operating Systems & Concurrency	81			20	Autumn China
COMP 2048	Algorithms Correctness and Efficiency	70			20	Full Year China
COMP 2059	Developing Maintainable Software	80			20	Autumn China
COMP 2045	C++ Programming	79			10	Spring China
COMP 2049	Languages and Computation	77			10	Spring China
COMP 2051	Artificial Intelligence Methods	84			20	Spring China

Average Mark : 78

Academic Year : 2019/20

Course Code	Course Title	Mark	1st Resit	2nd Resit	Credits	Semester
COMP 1034	Mathematics for Computer Scientists	78			10	Autumn China
COMP 1036	Computer Fundamentals	83			10	Autumn China
COMP 1038	Programming and Algorithms	86			20	Autumn China
COMP 1040	Systems and Architecture	83			20	Autumn China
COMP 1035	Software Engineering	70			10	Spring China
COMP 1037	Fundamentals of Artificial Intelligence	70			10	Spring China
COMP 1039	Programming Paradigms	67			20	Spring China
COMP 1041	Databases and Interfaces	65			20	Spring China

Average Mark : 75

Academic Year : 2018/19

Course Code	Course Title	Mark	1st Resit	2nd Resit	Credits	Semester
CELE N036	Foundation Algebra for Physical Sciences & Engineering	92			10	Autumn China
CELE N038	The Scientific Method	83			10	Autumn China
CELE N039	Foundation Science A	78			10	Autumn China
CELE N048	Undergraduate Reading and Writing in Academic Contexts	68			20	Autumn China
CELE N049	Undergraduate Listening & Speaking in Academic Contexts	68			10	Autumn China
CELE N037	Foundation Calculus and Mathematical Techniques	81			15	Spring China
CELE N046	Introduction to Programming and Algorithms	87			15	Spring China
CELE N050	Undergraduate Academic Oral Presentations	79			10	Spring China
CELE N052	UG English in Specific Academic Contexts B (Engineering; Comp Sci; Env'mental Sci & Architecture)	53			20	Spring China

Average Mark : 75

Please note:

- Any marks for full year courses may be incomplete at the current time.
- The Average Mark shown for each Academic Year is an average of the marks awarded for the first sit of the course rounded for display purposes. The averages do not include any reassessment marks.
- While used for progression, reassessment marks are not used for overall award classification where the stage average mark truncated at the first decimal place is used in the overall mark calculation.

Date Issued: 23/06/2021

SUPPLEMENTARY INFORMATION ON THE UNIVERSITY OF NOTTINGHAM TRANSCRIPT

Programme requirements

A Programme Specification is produced for any course on which a student may be registered. Information on the course structure, assessment criteria, learning outcomes and any other requirements which are in addition to those stated in the University's study regulations:

<http://www.nottingham.ac.uk/academicservices/qualitymanual/studyregulations/index.aspx>
and the University of Nottingham's Qualifications Framework:
<http://www.nottingham.ac.uk/academicservices/qualitymanual/qastructures/unqfindex.aspx> are given in the relevant Programme Specification available at:
<http://www.nottingham.ac.uk/programme-specifications>.

Information on modules taught at the University of Nottingham for the current session is available from the Module Catalogue available at:

<http://www.nottingham.ac.uk/module-catalogue>.

For information on modules taught in previous sessions please e-mail: module-specifications@nottingham.ac.uk.

University policies and procedures as set out in University Regulations:

<http://www.nottingham.ac.uk/regulations>

and the Quality Manual:

<http://www.nottingham.ac.uk/quality-manual>

automatically apply to all courses.

Undergraduate credit structure

Each individual module has a credit value, which contributes to the academic year. University of Nottingham credit values are translated into ECTS credit values by dividing the Nottingham credit value by two.

- 10 hours of student workload per 1 credit
- 120 credits per full-time academic year or equivalent
- 360 credits for award of Honours degree
- 480 credits for award of Integrated Masters
- 360 credits for award of Pass degree
- 300 credits for award of Ordinary degree
- 240 credits for award of Undergraduate Diploma
- 120 credits for award of Undergraduate and Foundation Certificates

There may be exceptions to the standard credit totals owing to entry at a later stage of the course, or Accreditation of Prior (Experiential) Learning (AP(E)L), or because of a change of course or the need to take a stage of the course for a second time.

Grading scheme and, if available, grade distribution guidance

For the majority of awards, numeric marks are awarded on the scale 0-100. The module pass mark is 40%.

Compensation and reassessment

Candidates have the right to one reassessment attempt where this might enable a student to satisfy progression requirements and under certain circumstances may be offered one further reassessment opportunity at the School's discretion. If applicable these marks are shown in the Resit columns. Information on the award of credit, progression, compensation and reassessment is contained in the University's study regulations available at:

<http://www.nottingham.ac.uk/academicservices/qualitymanual/studyregulations/index.aspx>.

Awards

Full information on the methods for classifying undergraduate degrees approved for use in the University of Nottingham is available at:

<http://www.nottingham.ac.uk/academicservices/qualitymanual/assessment/degree-classification.aspx>.

For the majority of awards, the weighted numerical average is translated into degree classification as follows:

- | | | |
|-------------------------------------|---|-----------|
| • I (First class honours) | = | 70%+ |
| • IIi (Upper Second Class Honours) | = | 60% - 69% |
| • IIii (Lower Second Class Honours) | = | 50% - 59% |
| • III (Third Class Honours) | = | 40% - 49% |

Rounding

The University convention on rounding of numeric marks is available at:

<http://www.nottingham.ac.uk/academicservices/qualitymanual/assessment/marketing-and-grading.aspx>.

Use of borderlines

The University convention on the use of borderlines is available at:

<http://www.nottingham.ac.uk/academicservices/qualitymanual/assessment/degree-classification.aspx>.

The Examination Board may use the procedure set out in the relevant Programme Specification:

<http://www.nottingham.ac.uk/programme-specifications> to determine if the classification of borderline candidates may be raised.

Access to further study

Subject to attainment of the minimum qualifications necessary to be considered for entry to a course, a University of Nottingham Honours Bachelors degree provides access to taught postgraduate and postgraduate research programmes either at Masters or Doctoral level. Integrated Masters degrees provide access to Doctoral programmes.

Professional status

Information on the accreditation, professional or statutory recognition of a course (if applicable) is given in the relevant Programme Specification accessible through the University's website at:

<http://www.nottingham.ac.uk/programme-specifications>.

Information on the current professional standing of the holder of a University of Nottingham award may be obtained from the relevant professional or statutory body.

Additional information

Additional information may be obtained from the University's website at:

<http://www.nottingham.ac.uk>

or by e-mailing:

Studentadministration@nottingham.ac.uk.

To check the validity of this document please e-mail:

Date completed: January 11, 2022

U.S. EQUIVALENCY SUMMARY

Three years of undergraduate study at a regionally accredited institution

CREDENTIAL ANALYSIS

1. Name on Credential:

FANG, Yizirui

Credential authentication:

Documents were verified through CHESICC

Country or Territory:

China

Credential:

Academic Transcript

Year:

2021

Awarded by:

The University of Nottingham Ningbo, China

Status:

Accredited Institution

Institution attended:

The University of Nottingham Ningbo China

Admission requirements:

Graduation Certificate (senior high school)

Length of program:

Four years

Major/specialization:

Computer Science

U.S. equivalency:

Three years of undergraduate study

Remarks:

Enrolled in the final year of a program leading to a bachelor's degree, which is equivalent to a bachelor's degree, in the United States; anticipated date of graduation is July 2022.

INSTITUTIONS-DATES-SUBJECTS	Credits	Grades
The University of Nottingham Ningbo, China		
2018-2019		
(L) Foundation Algebra for Physical Sciences and Engineering	3.5	A
(L) The Scientific Method	3.5	A
(L) Foundation Science A	3.5	A
(L) Undergraduate Reading and Writing in Academic Contexts	7.0	A-
(L) Undergraduate Listening and Speaking in Academic Contexts	3.5	A-
(L) Foundation Calculus and Mathematical Techniques	5.5	A
(L) Introduction to Programming and Algorithms	5.5	A
(L) Undergraduate Academic Oral Presentations	3.5	A
(L) Undergraduate English in Specific Academic Contexts (Engineering, Computer Science and Architecture)	7.0	B
2019-2020		
(L) Mathematics for Computer Scientists	3.5	A
(L) Computer Fundamentals	3.5	A
(L) Programming and Algorithms	7.0	A
(L) Systems and Architecture	7.0	A

(U) Languages and Computation	3.5	A
(U) Artificial Intelligence Methods	7.0	A

SUMMARY

Total Undergraduate Semester Credits:

126.5 GPA: 3.88

WES EVALUATION TERMS

Evaluation Scope: World Education Services (WES) evaluates only formal educational credentials. WES does not evaluate professional experience. WES evaluations are based upon the best information and resources available to professional evaluators. WES evaluations are offered as non-binding advisory opinions.

Accredited Institution: The status of a nationally recognized institution in another country is comparable to that of a regionally accredited institution in the United States.

Credential Authentication: Evaluations prepared by WES specify the manner in which each document was authenticated. The method used depends on what is appropriate for the specific country and level of education. WES authenticates academic records by one of the following methods.

- by requiring that official transcripts be sent to WES directly by the institutions or examination bodies that issued them;
OR
- by requiring that official transcripts be authenticated by the relevant government authority (e.g. Ministry of Education) before being sent directly to WES;
OR
- by verifying documents submitted by individuals by sending them back to the institutions/examination bodies that issued them and obtaining a written confirmation of their authenticity.

Detailed country-by-country document requirements can be viewed at www.wes.org/required/index.asp

Grades/ Quality Points: WES uses an alphabetic system to identify grades. The standard WES conversion of letter grades into a numerical scale/quality points is as follows: A = 4.00; A-=3.67; B+ = 3.33; B = 3.00; B- = 2.67; C+ = 2.33; C = 2.00; C- = 1.67; D+ = 1.33; D = 1.00; F = 0; F*=(see below); R*=(see below)

- “F*” indicates a course that was failed initially, but passed on a subsequent attempt. It is not included in the GPA calculation.
- “R*” indicates a course that was passed initially, but was retaken for grade improvement. It is not included in the GPA calculation.
- “Pass” is not included in the Cumulative Grade Point Average. For study completed at the undergraduate level, it corresponds to at least a “C” in the United States. For graduate and professional study, “Pass” corresponds to at least a “B”.

Grade Point Average (GPA) is calculated by multiplying the credits per course by the quality points for the grade for that course, repeating this procedure for each course, totaling the credit hour quality points thus obtained, and dividing by the total number of credits.

Course Level Designation: The designation “U” (upper) or “L” (lower) for a course at the undergraduate level is an indication of its level.

Credit Recognition and Transfer: The course-by-course analysis represents a breakdown of post-secondary study in terms of U.S. semester credits and grade equivalents. The number of credits accepted for transfer to a degree program or towards a professional license in the United States may vary from those listed in this report in accordance with the policies of the receiving educational institution or professional agency.

Evaluations for Professional Licensing/Certification: WES does not assess professional aptitude or experience. Only authorities qualified in the profession can determine whether an individual meets requirements for licensing or to practice the profession in the United States.

The University of Nottingham Ningbo China is the first Sino-foreign University in China with approval from the Chinese Ministry of Education and is a full and integral part of The University of Nottingham. All teaching is carried out in English and students graduate with University of Nottingham degrees.

The University of Nottingham Ningbo China utilises the University of Nottingham marking system. Numerical marks are awarded on the scale of 0-100.

For mark conversion, the suggested conversion chart can be found below.

UK Percentage	USA Letter Grade	Chinese Percentage	GPA
70 and above	A	90+	4.0
65	A-	86	3.6
60	B+	83	3.3
55	B	80	3.0
50	B-	76	2.6
45	C+	73	2.3
43	C	70	2.0
40	D	60	1.0
39 and below	F	59 and below	0

Individual Student Module List

Student ID: 20127091

Student Name: Yizirui FANG

Course Title: C6UCMPSC: BSc Hons Computer Science

Modules for Year: 2021/2022

Module Code	Module Name	Credits	Semester
COMP 3050	Individual Dissert Single Honours	40	Full Year
COMP 3055	Machine Learning	20	Autumn
COMP 3048	Compilers	10	Autumn
COMP 3056	Professional Ethics in Computing	10	Autumn
COMP 4107	Big Data	10	Spring
COMP 3065	Computer Vision	20	Spring
COMP 3052	Computer Security	10	Spring

Please note: Students are entitled to change their optional module(s) in first two teaching weeks.

Issued Date: 15 October 2021

TO WHOM IT MAY CONCERN

Yizirui FANG

Student ID Number: 20127091

Birthdate: 2000-09-26

This is to certify that the above named student is a full time registered undergraduate at The University of Nottingham Ningbo China studying on the fourth year BSc Hons Computer Science degree course.

Yizirui FANG has successfully completed the previous academic sessions and that he is eligible to progress to the next stage of the degree.

The medium of instruction and examination in University of Nottingham Ningbo China is in English only during the whole undergraduate study. This student started the course in September 2018 and the course will end in June 2022. The expected date of graduation for this student is in July 2022 if successfully completes the course. The awarding body of overseas degree is The University of Nottingham, UK.

Academic year 2021-2022 started on 13 September 2021 and will end on 3 June 2022.
